Report from Widow Welfare Association Asia

Dear co-worker in Christ,

I thank God for this appointment to share with you the progress of our work, what the Lord has done through our humble ministry, "May God grant you your heart's desire and fulfilled all your purpose". psalm 20:4'

Praise and Prayer Bulletin May-July2016 : 1st May 2016 we conducted prayer meeting, to thank God for the new month and new work that we are going to do. The activities plan for this month is visiting many weak and feeble widows, in their huts to pray and to share about the love of God, old and poor people who lives in slum areas. They cannot afford their basic need like rice, medicines, clothes and utensils etc.

On 8th May we celebrated mothers' day at ECA Church Semol, I was invited to speak in the worship service and many youth and parents attended the service, As it was mothers' day I spoke on the importance of the role and importance of a God fearing mother in the family. We thank God for the great times and God's presence was with all of us and many got blessed through the word of God.

On 10th of May we applied for food security certificate from medical departments. By God's grace the medical department Issue permit of food security certificate and now we can sell all our Agriculture/farms cultivation products like: Turmeric, Chilly Pickles, fresh juice etc. KVK a government department gave us the grinding machine for our ministry (WWAA), we started working to dry and grind our products like turmeric and ginger to sell in the local market.

On 14th May We took Mrs. Lhingchin who is a resident at the Widow's home to an eye surgeon; she underwent eye operation as she can barely see anything. By God's grace the operation was a success, and now she is able to see things clearly from both her eyes. She is still under medication but she is doing much better. We thank God for His great love and provision. Through your kindness and generous gifts we were able to take her to the doctor on time. She is very happy and praise God for his love and prays for all the people who made it possible for her to undergo the treatment.

15th May onwards, our preparation and mobilization work started for the Revival cum widows day celebrate for the campers(people who have to come from far off villages and have to stay back at the widows home), volunteers and counselors. Many times we are restricted by frequent bandh and strikes that hampers our work, sometime rain storm hit our town, many huts and houses are destroy, there was a power shut down for one week as the power lines where destroyed by the storm and Rescue project-demands lots of energy time and finance.

By the grace of God and through your continuous prayers and generous help the work is going one, we could celebrate the Revival meeting cum widows day along with many differently abled and poor widows and orphans, our speaker Rev, Alal chongloi breaking the word of God and many came to Jesus, we thank God for each and everyone who pray and sent your precious gifts we could lead many souls to Jesus.

4th July 2016 I met with underground Leaders to discuss about brutally killing of one another, I informed them as Christians, based on Genesis 9:5-6. God doesn't allow us to kill one another. We were made as His own Image. And I told them how Widows and fatherless children are increasing in numbers each day and crying. It is more painful to see their children crying for their father and wife for her husband. It is very painful experience for all of us. I requested them to consider putting them in jail or Lock up or somewhere to punish them but not kill each other in cold blood. I recommended that Pastors and Counsellors could talk to them and Council them until they repent. We the Widows are tired of crying because of sudden killings of the main bread earner of the family with 4 to 5 minor children, the illiterate widow suffers and struggle with her minor children for their basic needs.
